

Agenda

June 8, 2011 Wetland Field Day

Phil King, Resource Soil Scientist USDA – NRCS. Mr. King graduated from the University of Maryland with a B.S. in Soil Science in 1990. He has conducted soil surveys and provided technical soil services for USDA-NRCS to Delaware, Maryland, Ohio, West Virginia, Virginia and Washington DC for 20 years. He is a member of the inter agency Mid-Atlantic Hydric Soil Committee. Presently, Mr. King is part of the training cadre for EPA National Wetland Conditional Assessment.

Michael F. Green, U. S. Army Corps of Engineers, Philadelphia District, Regulatory Branch. Mr. Green graduated from the University of Delaware with a BS, Agricultural Sciences, 1978. He previously worked in the private sector as a wetlands consultant for approximately 15 years and has been with the Corps for approximately 8 years.

Andy Howard, DNREC Watershed Assessment Section – Graduated from Salisbury University with a BS in Biology and Environmental/Marine Science 2006. He has been with DNREC for approximately 5 years leading field assessments and developing/modifying wetland assessment protocols.

Jennifer M. Egan, P.G. Duffield Associates, Inc. – Ms. Egan has worked in Water Resources for 10 years at Duffield Associates, Inc. Project experience includes wetlands delineation and permitting along with stream and wetland restoration and mitigation design. She has a master's degree in geology from the University of Delaware and is a professional geologist in the State of Delaware.
